Re: Notice of No Further Action 15A NCAC 2L .0115(h)
Risk-based Assessment and Corrective Action
for Petroleum Underground Storage Tanks

NCDOT – McLeansville - B
4253 Camp Burton Road, McLeansville
Guilford County, NC

Dear Mr. Motzno:

On December 4, 2003, the Underground Storage Tank (UST) Section, Division of Waste Management Winston-Salem Regional Office received the soil sample results and closure assessment for the above-referenced site. As the implementing agency for the Federal Underground Storage Tank Program for the State of North Carolina, we have determined from review of your assessment that the UST system has been closed in accordance with NCAC Title 15A Subchapter 2N section .0802 and .0803 and 40 CFR 280.71 and 280.72. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

Should you have any questions concerning this notice, please contact Gene Mao at (336) 641-3771.

Sincerely,

Cindy Rintoul, PG
Regional Supervisor
